

Repeat Rocks & Seats – Recycled Rubber

Repeat Rocks

Repeat Rocks have many uses, in the play ground they can be used for games, soft seats, stepping stones, sand pit decorations, corners and lots more. They can also be submerged into water, they work very well in paddle pools.

Repeat Rocks come in a range of earthy colors or can have a coating of our Cool Color Paint.

Sizes

Sml 0.30m High x 0.05m Wide

Med 0.36m High x 0.05m Wide

Lge 0.45m High x 0.05m Wide

Balance Bridge

Repeat Balance Bridges are very popular with small children as its not to high and it is very stable. The bridge can be used as a balance beam, barrier, or a seat in the shade.
